RE: *Recount Demand*

Dear Registrar Ginnold:

I am following up my discussion this afternoon with your assistant, Melvin Brionnes, with whom I spoke because you apparently are out of town until Friday.

My focus with respect to the recount is I want an inspection of the more than 20% of the ballots that were tossed in the shitter and disregarded.

The County received a total of 8059 ballots. Of those 8059 ballots, the "counters" effectively threw 1710 votes away and "counted" 6349 ballots. Thus, over 20% of the total ballots received were tossed in the toilet.

The measure "won" by a mere 67 votes.

What I wanted inspected and recounted are the votes that the counters threw away.

Everything about this "election" has been one-sided, unfair, and aberrant.

I want the stink of this process ameliorated by an open and public inspection of the ballots that were thrown away.

By the way, what are the identities of the persons responsible for making the decision to throw away the ballots?

Sincerely Yours:
