RE: *Recount Demand*

Dear Registrar Ginnold:

You have not yet provided me with a written response to my letter to you dated July 18, 2007 in which I focus my demand on the disregarded and uncounted ballots.

This election featured multiple irregularities some of which I enumerated in my July 16, 2007 letter to you.

In sum, this election appears to have been fixed.

I seek to dispel the undemocratic taint of such appearance by a public and thorough inspection of all of the ballots, starting with those votes that to date have been disregarded.

I want every vote, valid or invalid, counted. I am not so interested in underscoring the votes already tallied in what I say is a fixed election.

I want to know what the election results would have been if the disqualified votes had been counted, instead of thrown out.

I do not want Marin County to employ the procedure used in Florida when every vote in Bush vs. Gore was not counted so that a loser could "win."

The betrayal of the integrity of our system, of fair play, and of particularly citizens, like me, is in both instances the same.

Please provide me with your official, and written response, including the legal authority upon which you rely for your position.

Please do not collude in hiding the ballots. That's called a cover up.

Sincerely Yours:
